CAREER OBJECTIVE

I like to start my career as a Full-Stack Engineer, aiming to construct data-intensive apps by fusing programming and knowledge. Passionate about using my skills to tackle challenges and empower individuals. Within 5 years, I strive for a leadership role, driving transformative AI solutions for societal impact.

SKILLS

Programming Languages: C, Python, Java.
Web Development: HTML, CSS, JavaScript, Node.js.
Tools: Postman, Git, GitHub
Operating System: LINUX
Soft Skills: Fast Learner, Creative Problem Solver, Innovative, Analytical.

EDUCATION

PSNA College of Engineering and Technology.
Masters in Computer Applications
Pursuing — Dindigul
CGPA: 9.04 [upto 2nd Semester]

A.R.N.H.S. School.
- class - XII
March 2020 - Madurai
Percentage: 71.3%

P.M.T. College.
Bachelors in Computer Applications
April 2023 — Madurai
CGPA: 7.8

Jayaseelan Memorial Matriculation school.
- class - X
March 2018 - Madurai
Percentage: 91%

PROJECTS

1. HealthHub: Online Pharmacy Web Application Development

Led the development of an innovative Online Pharmacy Web Application, implementing user-friendly features and secure transactions to enhance user experience.

2. Local File Inclusion System

Technologies: Linux, Docker, Node.js, HTML

The Local File Inclusion (LFI) lab equips web developers with practical experience in identifying and mitigating security vulnerabilities. By simulating LFI attacks, developers gain insights into secure coding practices and learn to implement effective countermeasures, ultimately enhancing the security and reliability of web applications.

ACHIEVEMENTS

- **NASA** - Honored with the **Hall of Fame recognition** and acknowledged for exceptional contributions to email security   - Sep 2024.

- Recognized with the **Hall of Fame** distinction for exceptional contributions to web security by discovering a vulnerability on a leading platform   - July 2024.

- Awarded **1st Prize** in a Paper Presentation competition at the Intra-Department Festival, hosted by **SIT College**.

- **Hackathon Achievement:** Secured 1st Position in Prelims Round Outperforming 1200 Teams and Secured 4th Position in **YUKTHI CTF Finals** a National Level Cybersecurity competition Hosted by **Tamilnadu Police and SNA Academy**   - May 2024.

CERTIFICATIONS

AWS	-	AWS Certified Cloud Practitioner
Sololearn	-	Programming in C - Beginners & Intermediate
Sololearn	-	Java
GreatLearning	-	Introduction to LINUX

INTERNSHIPS

Senchola Technology Solutions — Web developer   [June 2023 – July 2023]

I have acquired the skills necessary to develop landing pages and portfolios utilizing HTML and CSS languages.

Shadow Fox   — Web Security   [May 2024 - June 2024]

Developed and implemented safe and secure coding practices to prevent cyber threats. Educated peers on cybersecurity awareness and best practices. Contributed to a safer coding environment through hands-on training sessions.

DECLARATION

I hereby confirm that the information furnished above is true to the best of my knowledge and belief.
